Step 2. Determine the cost

- Often managers think about the number of days you will be out of the office. Make sure you help them see that while you are gone, you will gain skills and knowledge that will take you and your organization into the future.
- Time off: How many days will you take off and who can cover while you are unavailable.
- Registration: Be sure to look into earlybird registration versus regular registration fees.
- Travel, hotel and food costs: If you are flying, be sure to attach an itinerary.

Step 3: Be sure to emphasize the ROI (Return On Investment)

- Create a post event report.
- Networking opportunities.
- Gaining perspective.

It was an honor to be part of the first CreaBKK. Meeting and learning from various creativity and innovation practitioners and educators from different industries and countries was a onceinalifetime opportunity. The way CreaBKK was able to integrate the otherwise expansive and extensive worlds of creativity and innovation into a weeklong event was truly astounding.
